Funerals of Railroad Men Largely Attended by Relatives And Friends.

TROUBLE WITH LUNATICS.

Two Burglars Admit Guilt, One Says No—Board of Education Meets.

Ogden, May 23.—The two unfortunate victims of the explosion last Saturday of a Southern Pacific locomotive at Cedar station were laid to rest yesterday in this city.

Funeral services over the remains of L. F. Zimmerman, the engineer, were held at the Presbyterian church at 10 o'clock yesterday morning. The church was well filled with relatives and friends who gathered to pay a last respect to the memory of the deceased. The Brotherhood of Locomotive Engineers attended the services in a body, and escorted the remains to their last resting place in the Mountain View cemetery. Several appropriate musical selections were furnished by a quartet composed of Mrs. Lorna Pearce, Mrs. C. H. Stevens, W. S. Crockett and R. M. Robinson. Rev. John E. Carver preached a comforting sermon on the resurrection, and a number of his being a man of honor and uprightness.

The funeral services over the remains of Mark S. Irwin, the fireman, were held at the Third ward meetinghouse, Bishop Y. S. Marriott presiding. "O my Father" was sung by a ladies' quartet. "He waits at the portals of heaven" was sung by Miss Morris and Miss Hill. "Some day we'll understand" was re-

The young man named Jenkins who was released from the asylum last week at the request of his parents, was taken in custody again yesterday afternoon. He may be operated on, as the family physician believes that if an operation is performed he will recover from his mental affliction. Arthur Johnson, a boy from the Reform school, who is suffering

The colored woman who was temporarily insane was discharged, she having recovered.

CARDSTON, CANADA.

LIVELY TIMES IN ALBERTA.

Many Public Works Projected and Work is Plentiful.

Special Correspondence.

Cardston, Alberta, Canada, May 15.—The legislative assembly for the new province of Alberta has just completed its first session and adjourned. Much of the legislation has been the result and the new machinery of government seems to have been started off smoothly to the satisfaction, generally, of the masses. The capital is permanently located at Edmonton. Calgary sets the high school and other prominent public institutions go to various localities. The budget contains an item of \$10,000 to erect a courthouse at Cardston.

The town authorities of Cardston have also a by-law to present to the voters on the 26th inst., to decide whether to bond the town for \$20,000 to construct an electric light and waterworks system. From present appearance the question will have the approval of the rate-payers and this will make more work for the spare hands. Altogether the prospects for a busy season are very bright. The new transcontinental railway will be in course of construction for at least three years to come; the public works department of Alberta has half a million dollars to expend on roads and bridges in 1906, so with the local improvements the promise is bright for steady employment.

The Cazier Bros. Construction company has secured a large contract on the Canadian Pacific railway, which will take it a year to complete. The C. P. R. contract is also being carried to completion, that is, the first portion of the lateral and extensions of the main canal will be labor for a few years to come.

Good work teams are scarce at \$20 to \$30 a span as a result of the demand for them.

WOOLFORD BRANCH.

The Woolford branch of the Cardston ward was organized last Sunday, with Elder William T. Atkinson presiding, John Johnson, superintendent of Sunday school; Sister Harris, president of the society; and Sister Nellie Piche, in charge of the Primary association. The good people in that locality, known as the Butte Lake school district, have completed a neat schoolhouse, and a day school already started, so now that their ecclesiastical affairs are provided for it will not be so much like a ranch at "Poverty Flat."

Born to Mr. and Mrs. D. E. Harris, Jr., a girl, to Mr. and Mrs. Joseph Card, a boy.

GOLD FROM AUSTRALIA.

San Francisco, May 23.—Sixty-two boxes of English sovereigns, valued at \$1,500,000 were brought to this city, from Australia, by the Oceanic company's steamship Sierra. The gold is consigned to local banks and is the largest single shipment of its kind in years.

WOODEN WARE PLANT BURNED.

Chicago, May 23.—The plant of the Chicago Wooden Ware company last

Twenty-first and Sagamon streets, was damaged by fire early today. One fireman was injured. The loss is \$50,000.

EAT, DRINK AND BE MERRY AT MY EXPENSE.

Jersey City, N. J., May 23.—"Eat, drink, be merry at my expense," was the request of Charles Heller, who died Saturday, to his comrades of George H. Thomas post G. A. R. In compliance with his desire, on their return from Heller's burial the 45 surviving members of the post marched to the hall where the feast was paid for by their comrade's death benefit of \$100, awaited them.

Heller was a member of the Fifty-fourth New York infantry in the Civil war, and later became a successful builder. The members of the post marched in the funeral cortege from the home of their dead comrade to Flower Hill cemetery, where the burial took place. They journeyed back with the band, by trolley cars to the hall, and ate, drank, sang and eulogized their dead comrade.

SKIN INCISIONS.

A London Surgeon Makes Them Without Leaving Any Scar.

New York, May 23.—A cable dispatch to a morning paper from London says: Some of the hospitals here are employing for operations an unnamed surgeon who has perfected a method of incising the skin without leaving a visible scar. His success is mainly attributable to his skill and experience, but his method is based on the practice of cutting the skin slant-wise instead of at right angles to the surface. He uses hollow ground scalpels, made after his own designs. Sometimes massage forms part of his healing treatment. It is said that old scars from operations can be removed by this method, which, it is declared, is one of the most important advances made in surgery in recent years.

REPORT ON PROVIDENT LIFE.

Albany, N. Y., May 23.—The state insurance department last night made public its report on the examination of the Provident Savings Life Assurance society of New York. It shows total admitted assets of \$3,001,400, an unpaired capital of \$100,000 and unassigned funds of \$69,758.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the Salt Lake City Daily Deseret News. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

It wouldn't hurt to

M. & P. paint (electrically correct) was

Red is a good color,
